*Winter Series: "Nobody but Jesus"*

How attentive are you to details? How would your spouse, friend answer that question?

---

---

---

V37 says, people would not believe in Jesus even after seeing miracles. Can you name a time when you missed something God did and it took someone else to point it out?

---

---

---

How does your image of God shape your interpretations of what happens in your life?

---

---

---

Read v40. Do I have a hard time believing that God hardens some hearts so they don't respond to him? Do I write people off before God does?

---

---

---

In v.43 John's criticizes those who hide their faith so they appear better in front of others. Where have I done the same? In church? In public?

---

---

---

V46 Jesus says he has come into the world as a light, not as a judge. Why do I think Jesus came? What do I tell people?

---

---

---

V47. Jesus is clear that God himself will be the judge of people. What is my defense if I were to stand before God today?

---

---

---

What about Jesus do I need to believe today so that I can see clearly?
