

# The Perants to South Africa

Pure and lasting religion in the sight of God our Father means that we must care for orphans and widows in their troubles  
- James 1:27

## It Is Good To Be Home

God has provided for our family to return to the States, and as always, His timing is perfect! ([Proverbs 3:5-6](#)) Many of you have contacted us asking if we are ok, and we are very thankful to say yes! The Lord has allowed us to be home for a few weeks during the unrest and outbreak in SA. Here is a link to some videos if you haven't seen what is going on. ([Link](#)) I'm sure you have heard me quote [Proverbs 16:9](#) before and this verse is still relevant for you and me today. Please be praying that this third wave of COVID will subside, and that the riots and looting will stop. Here is a link to some encouraging reports that don't make main stream media. South Africans pulling together to protect and clean up after the lawless riots. ([Link](#))

Please keep LIV Village in prayer while we are away. Because of the latest outbreak, all churches are closed and public gatherings are prohibited. This means that schools are closed and all children in SA are falling behind in their studies. This also puts a lot of strain on parents who have to go to work while their children are home.

This trip was planned for Dan to take care of some business, but it has turned out to be good timing for Amy as well. She has had the opportunity to care for her Mother who fell and broke her back. Please pray that her recovery will go well and that she will have complete healing.

Lord willing, we will fly back in a few weeks and look forward to starting the roof repairs and replacements on our foster homes. We are overwhelmed by your response and willingness to help us with this project..... God has provided the funds needed!

We are incredibly grateful for YOU, our faithful supporters and companions in the Gospel. We could not do this without faithful partners like you. We think about you often and pray the Lord's blessing on your life..... Thank you!

Amy is very thankful that God has allowed us to be in the US so that she can be her Mom's personal nurse through this difficult time, and Bethany is enjoying being with friends.
