July 2021

We are very excited to be leading a (small) team to **Honduras** July 24-31, to work with Pastors Victor Almendarez and Carlos Zuniga to complete a church building project by adding a roof to the existing structure! Great thanks and appreciation out to those individuals and churches that have sent in extra financial gifts to cover the cost of the materials needed, as well as making up an anticipated deficit in the budget because of the size of the team ☺

We are also headed to **El Salvador** August 14-21*, to work with Pastor Nelson Juarez. Although we were hopeful for a team to develop, none materialized, but we are still on a mission, and we need your help!

As you may recall, we lead a team a couple of years ago and built a building to be used as a neighborhood feeding ministry outpost, as well as a youth/Sunday School room. The building is currently being used as an office for Pastor Nelson, as well as a youth/Sunday School room.

We would like to begin the process of outfitting that building with kitchen appliances such as a stove and refrigerator, as well as building shelves, counters,

and cabinets for storage and preparation of meals to serve the poor of the community surrounding the church. Much of the area has been hard hit by COVID-19 and is still in much need of help and support.

We are asking for your help and are asking you to consider helping in the following ways.

1. Financial gifts for us to take with us in August to purchase food and necessities for those in need in the area.
2. Giving of finances and/or joining us in traveling to El Salvador in January and/or February 2022 to help with the outfitting construction part of the project, as well as more food distribution.

It is not too early to begin thinking, praying, and planning mission trips for the summer of 2022! We are available and have great needs to help fulfill throughout Central America, Peru, Cambodia, and beyond.

Please let us know of your interest in helping in any way, and we will be glad to assist you. We cannot serve the Lord alone in these projects. We are all in this together, and we greatly appreciate your partnership with us and our brothers and sisters in Central America and beyond.
