Church Family Day

In January we had "Church Family Day". It is when we spend a whole day as a church family to talk about the vision for our church for the year. We spend most of the day in prayer seeking God's guidance about where He would like us to focus this year. We have a day like this at the beginning of each year.

Church Choir

Outreach to Muslim Neighbors

Our church neighbors an area where Muslim people live. We pray for them weekly and strive to be good neighbors. On Sunday nights, we first pray that God would guide us where to go, and then we go door-to-door visiting them. When we come to a house and they are willing to have us visit, we ask about their lives and ask if there is anything we can do for them. Many of our children have become friends with their children, too. We often see the same families regularly and have become friends. When the opportunity is there to share about our faith in Jesus, we take it. Some of them have become our brothers and sisters in Christ and started coming to our church.

The Spirit at Work

Just this last week we were reminded of the importance of listening to the Holy Spirit. As we were praying where to go for door-to-door evangelism, a very old man who was very sick came into our church. We stopped our prayers in order to minister to him. We pooled our money and took him to the hospital to receive nursing care.

By God's grace he came through.

Health Challenges

There have been many medical problems for members of our congregation and community lately. Malaria has plagued many of our members this season. Additionally, three of us have neighbors who needed to have their legs amputated. These people cannot work and have nobody to care for them. Please pray for them and pray for us also.

Prayers and Praises

Praises

- We had a very productive Church Family Day.
- The successful recovery of 3 fingers on Pastor Francis' son's hand after his accident.
- We are finally recovering from malaria.
- We praise God for good outreach to the Muslim community.

Prayer Requests

- Pray for our annual Women's Conference coming up at the end of April.
- We were able to buy some materials toward building the roof for our church. Please pray that we can complete the project.
- In order for Pastor Francis' son's 2 other fingers to recover, he would need another surgery. That would mean taking time off of work and extra costs. Please pray for the family for wisdom.
